

About the College

Mission

Mesalands Community College is an institution of higher education that promotes student learning through quality education and services while fostering personal growth, leadership, and opportunity to a culturally diverse community.

Goals

The goals of Mesalands Community College are to provide:

- An environment where learning is appreciated, encouraged, and assessed.
- Academic and technical programs for qualified individuals to enhance their lifelong educational opportunities with an emphasis in a general core base of knowledge.
- Accessible, multi-faceted services to qualified participants.
- Opportunities to develop leadership skills and achieve personal growth by valuing academic and social responsibility.
- Quality community service programs responding to the diverse needs of the region.

General Education Philosophy

One of the goals of higher education is to prepare students with cultural and social skills which will enable them to participate actively in our society. General education courses are intended to introduce students to that body of knowledge which gives meaning and cohesion to our society, thus preparing them for life-long learning.

The general education requirements are also intended to prepare the community college student with the academic background and skills to successfully pursue more advanced degrees at colleges and universities and/or to be more successful in a career. To that end, Mesalands Community College has incorporated into each degree and applied science certificate an institutional core of general education.

History

Mesalands Community College was established as Tukumcari Area Vocational School (TAVS) under the

Area Vocational School Act of New Mexico during the thirty-third Legislative Session of the State of New Mexico. In January 1979, an act of the Legislature authorized the establishment of an area vocational school in Tukumcari (Statutory Authority: Sections 21-17-1 through 21-17-17 NMSA 1978). The school was authorized to offer programs of vocational education leading to certificates and diplomas.

In November 1993, the institution was authorized by the New Mexico Commission on Higher Education to offer Associate of Applied Science degrees in Business Administration and Computer Information Systems.

In June 1994, the Commission on Higher Education authorized the College to offer the Associate of Applied Science degree for each of its technical/vocational programs. The degree programs were implemented in the fall semester of 1994.

In 1994, the Board of Trustees authorized Tukumcari Area Vocational School to begin doing business as Mesa Technical College in order to more accurately represent the institution to its varied constituents as a small community college.

In the fall semester 1995, Mesa Technical College implemented a pre-collegiate studies program and expanded its course offerings in general education. In the spring semester 1996, the College began expanding its offerings via distance learning, including the Electronic Distance Education Network (EDEN), a cooperative effort of the universities of New Mexico, PBS and the Internet.

In the spring semester 1996, the College developed programs in paleontology and geology. Mesalands Dinosaur Museum and Natural Science Laboratories were planned, based on a partnership that developed between the College and the community in recognizing, owning, and promoting this region's rich heritage as one of the premiere deposits of fossilized ancient life. The community continues to donate considerable time, energy, and resources to the museum for cataloging specimens and providing sites for further exploration. An outgrowth of planning for separate funding of the museum resulted in the establishment of Mesa Technical College Foundation, Inc., for charitable, scientific, and educational purposes.

On July 1, 1996, Mesa Technical College came under the direction of a new president, Dr. Phillip Barry, who instituted a concerted effort in strategic planning - a prerequisite to addressing institutional challenges and implementing effective change. The College's new direction has manifested itself in significant changes, including the implementation of student assessment, institu-

tional effectiveness, and curriculum development. The institution's mission and goals were reviewed and revised, appropriate to Mesa's new effort toward community college status.

The president also launched an intensive effort to earn accreditation from The Commission on Institutions of Higher Education of the North Central Association (NCA) of Colleges and Schools. Administration, faculty, and staff set forth on a fast-track to compress the two-year process normally needed to earn a site visit from NCA into a period of less than a year. In August 1997, these efforts were rewarded when NCA granted Mesa Technical College candidacy for accreditation. In August of 1999, Mesa was granted the status of initial accreditation by NCA, at which time the state allowed the College to begin offering the Associate of Arts degree. In 2004 Mesalands Community College received 10 years of accreditation from the Higher Learning Commission, a Commission of North Central Association of Colleges and Schools.

In the fall of 1998, the College launched a new intercollegiate rodeo program in response to the desires of its students and the locale in which the College is situated. The success of this program led to the establishment of a livestock judging team in 2001.

With the College continuing to grow and mature, the College's name was changed to more adequately reflect its mission. On September 11, 2001, the Board of Trustees renamed the institution Mesalands Community College.

In 2004 the College took to the air-waves when it designed and launched its Mesalands Telecommunication Network (MTN) and Implemented Digital Interactive Television (DITV). Then, in 2005, a Spanish language outreach radio program "La Voz" began airing twice weekly. That same year saw Building Trades start.

A new, expanded Health and Wellness Facility was added to Building A in 2007.

The North American Wind Research and Training Center (NAWRTC) was initiated in 2005. A commercial-grade, 1.5 megawatt General Electric wind turbine was erected on campus in 2008. During fall semester the same year, Classes in Wind Energy Technology were initiated.

The Mesalands Area

Tucumcari, home of Mesalands Community College, was born out of a railroad construction camp in 1901 when the Rock Island Railroad was pushing a line toward the west

coast. Merchants, gamblers, saloonkeepers, and dancehall girls from the rip-roaring cowtown of Liberty dismantled their establishments and moved three miles south to take advantage of the payrolls of the hard-working, hard-playing railroad gangs. At first, the railroad camp was called Six-Shooter Siding.

After Indian Territory was opened in Oklahoma, the mesalands area surrounding Tucumcari got an overflow of homesteaders who had arrived in Indian Territory too late to get land. By 1907, there were twenty small towns scattered about Tucumcari. But it was a hardscrabble life for a dryland farmer during the Great Depression and the Dust Bowl Era. Most of the towns reverted to cow pastures.

The area owes its life to a dam across the South Canadian River which was authorized in 1935 and completed in 1940, bringing irrigation from Conchas Lake and the Canadian River to some 45,000 to 60,000 acres of farmland around the Mesalands. As cow pastures were broken up and sold for irrigated farms, many of the ranchers were replaced by farmers.

The Campus

Mesalands Community College is situated at 911 South Tenth Street in Tucumcari, New Mexico, approximately 100 miles west of Amarillo, Texas, and 168 miles east of Albuquerque, New Mexico. Tucumcari, located in the eastern part of the state and surrounded by scenic mesas, is recognizable by its landmark, the 5,000-ft. butte known as Tucumcari Mountain. Interstate Highway 40 and U.S. Highway 54 converge in the city, making it a popular tourist site.

The campus of Mesalands Community College is positioned on 23 acres, with room for future expansion. The main campus is comprised of four buildings, with additional buildings located at other sites off the main campus.

The College currently operates the following facilities:
Building A:

- Administrative offices, including the offices of Enrollment Management, Business, Student Services, Financial Aid, Recruiting and Institutional Development
- Arts and Sciences
- Business Administration
- Career Center
- College Bookstore
- College Library
- Computer Information Systems
- Computer Laboratories
- Conference Facilities
- Educational Services Center
- Health and Wellness Facility

- Public Relations Department
- Science Laboratory
- Student Commons
- Telecommunications Center

Building B:

- Building Trades

Building C:

- Automotive Technology
- Commercial Truck Driving
- Diesel Technology
- Small Business Development Center
- Welding Laboratory

Building D:

- Animal Science/Agri-Business
- Farrier Science
- Fine Arts/Bronze
- Intercollegiate Rodeo
- Livestock Judging
- Wind Energy Technology

Building F: (Located at the corner of First Street and Laughlin Avenue)

- Mesalands Dinosaur Museum

Building G: (Located at Tenth and Hines)

- Academic Building

Building H: (Located on Camino del Coronado)

- Horse Complex
- Rodeo Facilities

The College has developed partnerships with Quay County and has the use of a professional rodeo arena. Building H consists of 70 horse stalls for student rental, and is adjacent to the arena, which is located within the Quay County Fairgrounds three blocks from the College on Camino del Coronado.

Authorizations

NEW MEXICO

Higher Education DEPARTMENT

Mesalands Community College is authorized by the New Mexico Higher Education Department to offer degrees and certificates. The Department brings a statewide perspective in recommending and establishing policy direction and providing leadership in higher education within New Mexico.

Mesalands Community College's general education courses are included in the New Mexico Higher Education Department matrix of courses for articulation among two- and four-year colleges in the state. Information can be found on the Higher Education Department's web page: www.hed.state.nm.us. Students from Mesalands Community College have been successful in transferring credits and making the transition into four-year colleges in the state.

Transfer Among New Mexico Higher Education Institutions

To facilitate transfer of students and course credits among New Mexico's colleges and universities, the state's public institutions of higher education are required to accept transfer courses taken within approved modules of lower-division course work and apply them toward degree requirements. Several transfer guides have been developed through collaboration of New Mexico's public postsecondary institutions, consistent with requirements of state law (SB 161). Students enrolling for first-year or second-year study at a New Mexico institution and wishing to prepare for possible transfer into a degree program at another institution are advised to take these courses during their freshman and sophomore years.

STUDENT RESPONSIBILITY

New Mexico's colleges and universities have collaborated to produce guides to assist students who plan to transfer

before completing a program of study. Course modules are designed to help students select courses carefully so that they may transfer with little or no loss of credit. However, planning for effective transfer with maximum efficiency is ultimately the student's responsibility. Responsible transfer planning includes early and regular consultation with the intended degree-granting institution to assure that all pre-transfer coursework will meet the requirements of the desired degree.

TRANSFERABLE LOWER-DIVISION GENERAL EDUCATION COMMON CORE

Students enrolling for first-year study who have not yet selected either an academic focus or the institution where they wish to graduate are advised to take courses during their freshman year outlined in the New Mexico General Education Common Core. For students enrolled at any public institution in New Mexico, the following courses are guaranteed to transfer to any other New Mexico public college or university, and apply toward associate and baccalaureate degree program requirements. Students should consult advisers at their current institutions regarding which specific courses fit these categories.

Students preparing for careers in engineering, health sciences, or other profession-related fields are advised that some of this course work may not transfer toward general education requirements but, in most cases, will apply toward elective requirements.

NEW MEXICO COMMON COURSE NUMBERING SYSTEM

A common course numbering system has been devised by New Mexico colleges and universities. The purpose of the system is to assist New Mexico students who are transferring between institutions within the state. The system provides a neutral state-wide course identifier for those courses that are similar in nature and considered to be equal in transfer. If a Mesalands Community College course has a New Mexico Common Course Number (NMCCN), that course number is listed below in parentheses and, if applicable, is also listed parenthetically following the course description in the Course Description section of this catalog.

The following is a list of Mesalands Community College (MCC) courses included in the New Mexico General Education Common Core:

LOWER-DIVISION 64-HOUR TRANSFER MODULES

Students who have selected a field of study but have not yet selected the college or university where they wish to earn their baccalaureate degree are advised to take courses during their freshman and sophomore years outlined in one of the Lower-Division 64-hour Transfer Modules. For students enrolled at any public institution in New Mexico, these courses are guaranteed to transfer to any New Mexico university and apply toward bachelor's degree program requirements. Students should consult advisers at their current institutions regarding which specific classes fit these categories. Lower-division transfer modules presently exist for:

- Business
- Early Childhood Education

Copies of these Transfer Modules may be obtained in the Office of Enrollment Management or the New Mexico Higher Education Department's web site (www.hed.state.nm.us).

ARTICULATION AGREEMENTS AND INTER-INSTITUTIONAL TRANSFER GUIDES

Mesalands Community College has formal articulation agreements with Eastern New Mexico University, The University of New Mexico, New Mexico Highlands University, New Mexico State University, West Texas A&M University, The University of Phoenix, Amarillo College, Luna Community College, Clovis Community College, and Franklin University.

Students who have selected a field of study and/or the institution where they wish to graduate are advised to consult the transfer guide or catalog of that institution for more current and detailed advice to guide their course selection. Formal published transfer guides between Mesalands Community College and Eastern New Mexico University, New Mexico Highlands University, and the University of New Mexico are available in the Office of Enrollment Management.

COMPLAINT PROCEDURES FOR TRANSFER STUDENTS

Problems regarding the transfer of credit to Mesalands Community College from other colleges or universities should first be directed to the Office of Enrollment Management. Complaints not resolved at this level should be submitted in writing to the Academic Standards and Issues Committee. Students who are attempting to transfer credit from Mesalands to other institutions and experience difficulty are encouraged to contact the Office of Enrollment Management for advice and/or assistance.

Issues involving New Mexico institutions regarding New Mexico Transfer Modules or courses within these modules which cannot be resolved by the above processes can be directed to the New Mexico Higher Education Department, 1068 Cerrillos Road, Santa Fe, NM 87501. If a student's articulation complaint regarding courses contained in a module is upheld by the Department, the receiving institution must reimburse the student the complete cost, including tuition, books and fees, of each course the student was required to repeat at the receiving institution.

Mesalands Community College Foundation, Inc.

The Mesalands Community College Foundation, Inc., is organized to be operated exclusively for charitable, scientific and educational purposes as defined in Section 501(c)(3) of the Internal Revenue Code. Its purposes are:

- To maintain, develop, increase and extend the facilities and services of Mesalands Community College and to provide broader educational service opportunities to its students, staff, faculty, and the residents of the geographic areas which it serves.
- To solicit and receive gifts, grants and bequests or to acquire by purchase, lease, exchange, etc., property both real and personal.
- To make contributions, grants, gifts, and transfers of property outright or in trust for the exclusive benefit of the College or other tax-exempt organizations.
- To encourage private individuals and organizations to invest in the support of College programs and services.

- To provide a corporate structure for managing private gifts and donations.
- To provide added assurance to donors that their contributions will be distributed and utilized for the specified purposes.
- To provide a medium for alumni and community leaders to participate in and contribute to the strengthening of the College through their participation in the solicitation, management and distribution of private gifts and donations.

Individuals interested in contributing to the Foundation and future of Mesalands Community College should contact the Office of the President or the Office of Institutional Development.
