About the MCTI

Leaving the military can be one of the most difficult decisions you have had to make, as well as one of the most difficult transitions to manage. The *Military-to-Career Transition Inventory (MCTI)* helps you determine how prepared you are to make the transition from military life and work to a civilian life and career.

By answering each question as honestly as you can, you will become aware of the areas you are knowledgeable about for a military-to-career transition and those areas in which you need additional instruction.

When you are ready, please begin with Step 1. ➔
